Founder and **AI Architect** obsessed with building **high-retention SaaS ecosystems** and **autonomous AI agents**. Specialized in bridging the gap between deep technical logic and market-ready product execution

---

CORE VENTURES and PROJECTS

Founder | Muttuswami - India's Most Savage AI | *2026 – Present (muttuswami.com)*

- *Built a culturally native consumer AI platform combining conversational AI with context-aware humor.*
- *Scaled to **1,000+ organic users** through viral Instagram content and community-led growth.*
- *Architected production-grade **LLM orchestration, memory, and safety systems** for low-latency interactions.*
- *Owned end-to-end execution across product, engineering, growth, branding, and monetization.*

Founder & Architect | CHIT – The Sovereign Cognitive Twin | 2026 – Present (chit.digital)

- **Building the world's first personal Cognitive Twin,** an autonomous OS designed to clone human decision-making and operate computers and phones exactly like a real user.
- **Engineered a universal app-operator** that navigates any website or desktop software **without APIs,** independently verifying real-world task completion with **almost zero hallucinations.**
- Pioneered dynamic **relational cloning, training the AI to replicate the user's authentic voice, personal habits, and specific communication styles for different people (friends, clients, family).**
- **Architected a 100% local-first, privacy-native engine, ensuring personal data never leaves the device** while cutting cloud AI costs by 90% through intelligent on-device execution.

Founder | GhostProof (SaaS) | *2026 – Present (ghostproof.in)*

- **Architecting GhostProof, a high-accountability SaaS ecosystem for co-founders, engineered with proprietary dual-user synchronization logic.**
- **Leading technical execution and UI/UX strategy** to ensure a frictionless, high-retention experience for synchronized user pairs.

Product & Technology Consultant | Shivansh Construction | 2026 (shivanshconstructions.com)

- I spearheaded the company's **end-to-end digital transformation**, from strategy to production deployment.
- Built a secure workforce management platform featuring **attendance verification and real-time expense tracking to reduce manual errors and fraudulent reporting.**
- Designed a **conversion-focused website and streamlined operational workflows through automation**.
- Not a flex but it's a 2 lakhs rupees deal.

Founder | MindMantra (Health-Tech AI) | *2025 – Present*

- **Conceptualized and Deployed** a state-of-the-art **RAG-based emotional regulation engine**, achieving a **4.8/5.0 User Trust Score** in beta testing.
- **Engineered** a low-latency retrieval pipeline using strictly validated medical databases (NIMHANS, WHO), ensuring **zero-hallucination architecture**.
- **Executed** robust Crisis Detection frameworks with **100% Guardrail Test reliability**, flawlessly overriding standard conversational flows for safety.

EXPERIENCE

Founder's Office & Business Growth Intern | Savra Edu
May 2026 – June 2026

- Business Systems: Spearheaded the development of an end-to-end credit management system, streamlining financial and operational workflows.
- Business Analysis: Analyzed business operations, identified inefficiencies, and developed strategies to improve efficiency and scalability.

- Business Development: Collaborated with the founder to optimize business processes and drive strategic growth initiatives.
- Marketing & Growth: Developed high-impact marketing carousels to strengthen brand positioning and audience engagement

---

TECHNICAL ARSENAL

- Python | SQL | Java | Advanced Excel | Google Sheets | Power BI | Tableau | Business Analysis | Data Analysis & Reporting | Data Visualization | Business Process Optimization | Stakeholder Management | Data Reconciliation | SOP Documentation | Requirements Gathering | KPI Tracking | Generative AI | RAG | Prompt Engineering | Langflow | AI Agents | n8n | MCP | Workflow Automation | API Integrations | SaaS | PMF | GTM | UI/UX | Growth Strategy

---

STRATEGIC LEADERSHIP & INFLUENCE

- State-level Champion in Slogan Writing | Founder | 0→1 Execution | Product Strategy | GTM Strategy | Leadership | Persuasive Communication | Storytelling | User Psychology | Strategic Thinking | Analytical Thinking | Problem Solving | High Ownership | Rapid Learning | Decision Making | Team Leadership | Execution Excellence

---

EDUCATION

- **B.Sc. (Hons.) in Data Science & AI** | IIT Guwahati | *2025 – 2029 (online)*
- **Undergraduate Programme in DS & AI** | Masters' Union | *2025 – 2029*
- **Mamta Modern Senior Secondary School** | Mamta Modern School | *Class of 2024*
